It's so quiet...

...the air feels so still.

How long has it been?
Since I've been...

Yes! Let's go home!

Arrrg!! My eyes!

Every time I open them,
they burn like hell!

Stay strong girl.

I'm going home!
Surrender or we will use force.

Where can I go?

Icarus,

No pursuers

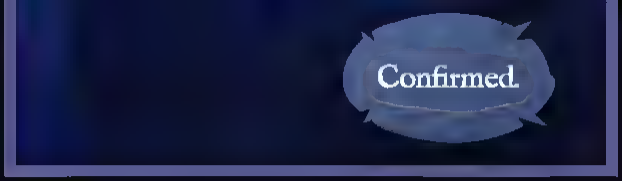
Icarus, let's hide in that church up ahead!



Hmmm...
I hope no one is living there.

Could be worse, right?

I mean, it's a church.
It's not like a haunted asylum.

Thank you, God.
Thank you, thank you!

What

ughh
Icarus, no!

Don't leave me alone...

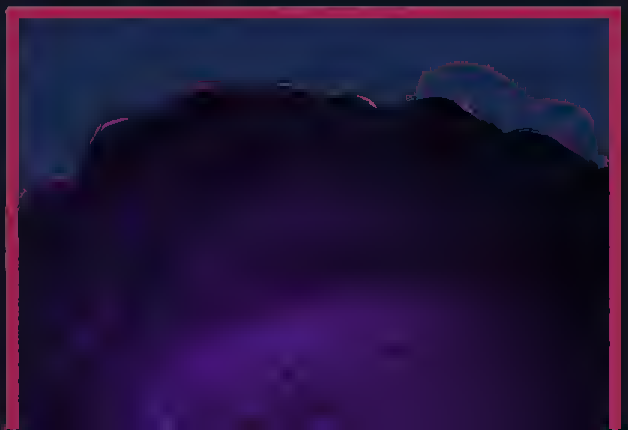
It's so quiet.

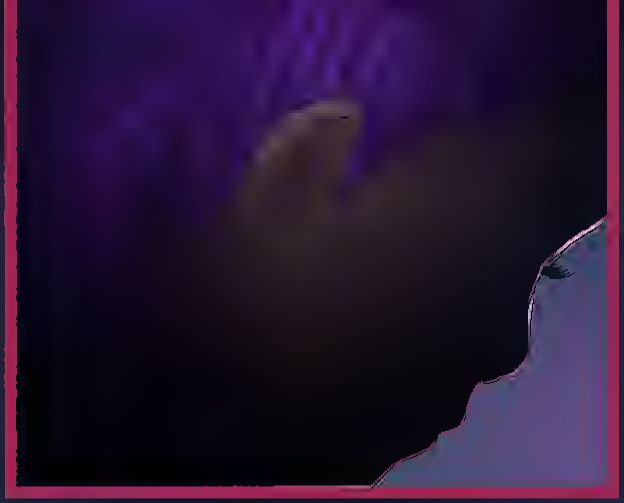
Okay...
I just need to find a spot to hide and wait it out.

Whew...

...I can't believe
I escaped that.

Huh?



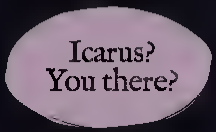


What was that?

Sounded like... running.

Is someone here?

Icarus?



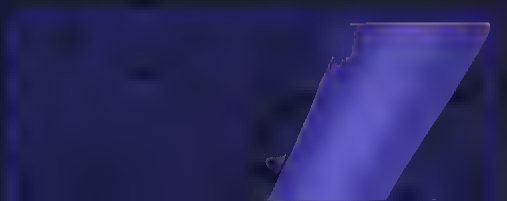
Icarus?
You there?

I'm too scared
to open my eyes.

It's okay... breathe...

It's probably a cat.

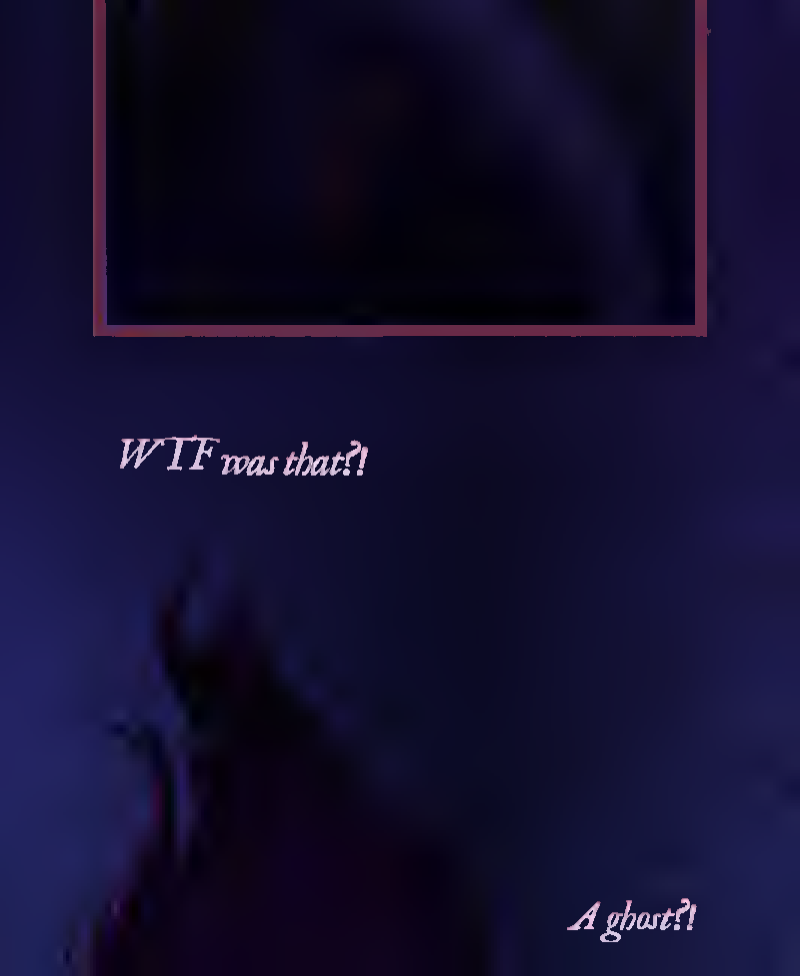
I just need to find somewhere to lay love.



Huh? What's this?

It feels warm...

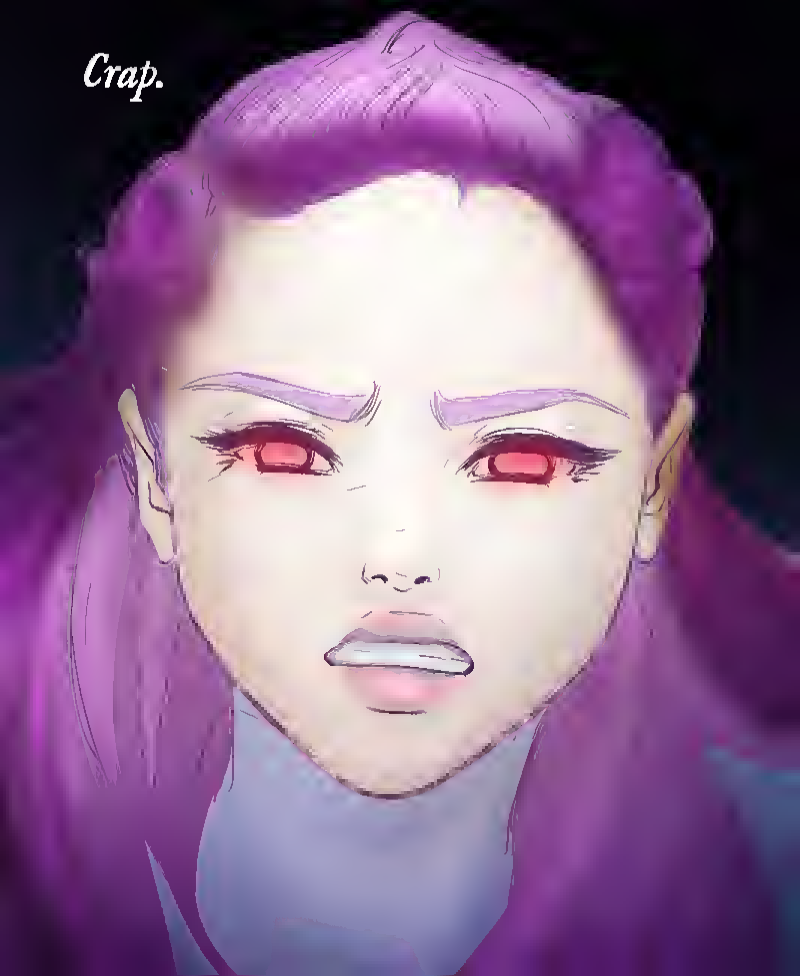
AHHHH



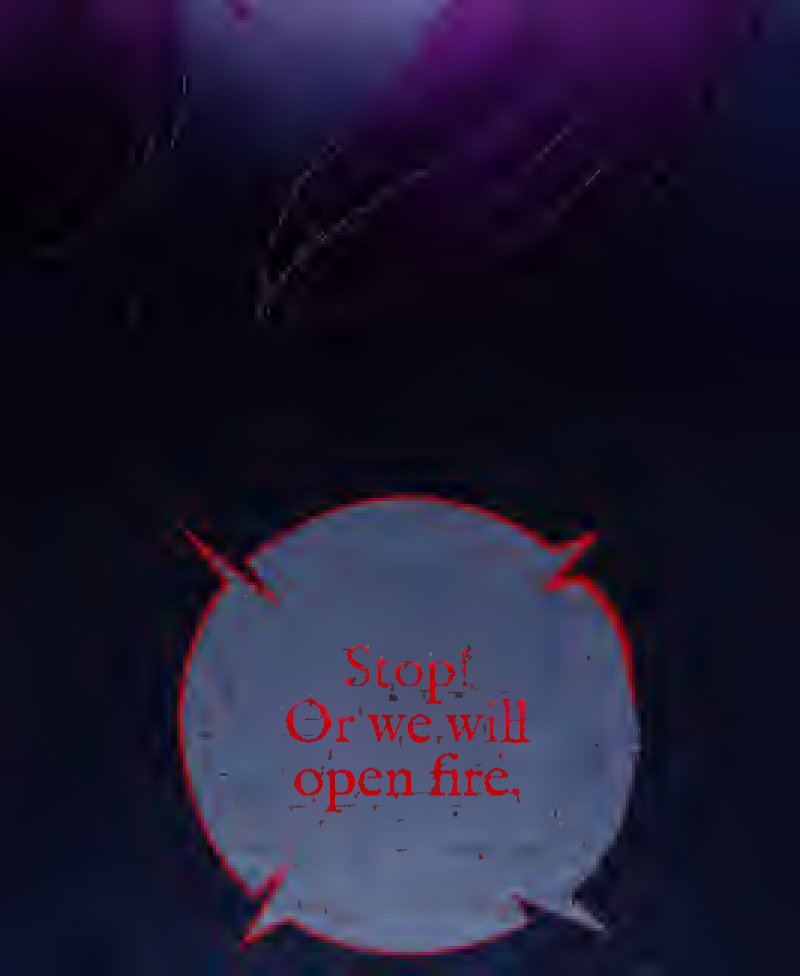
WTF was that?!
A ghost?!

Icarus,
where are you?
Icarus?

I gotta get out of here!

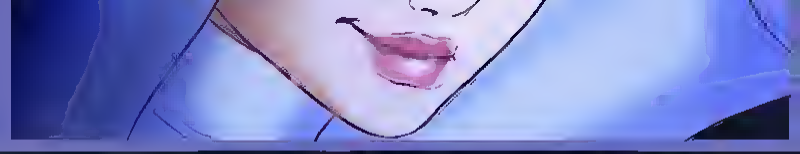


Crap.



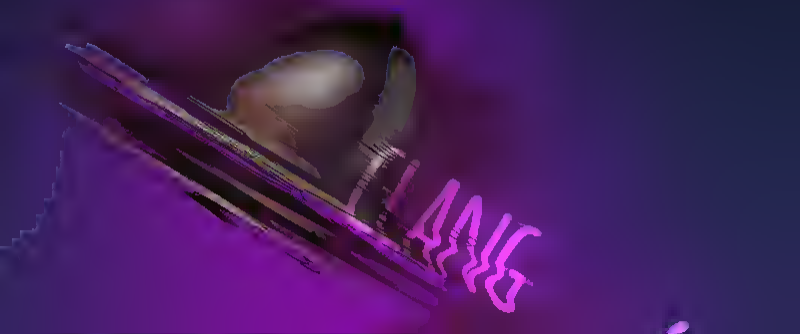
Stop!
Or we will
open fire.

This is it huh?
This is where my story ends



Well...
at the very least...

... It was
a good run.



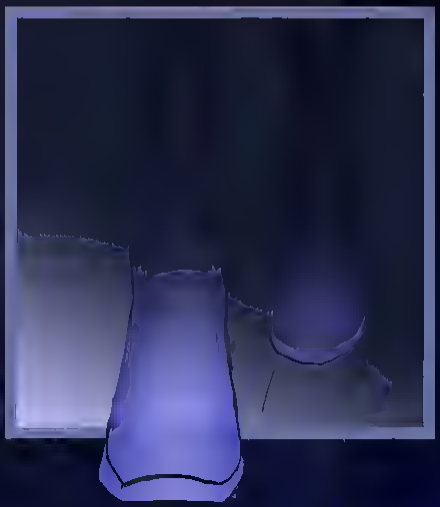
So loud!
Church bells?!

What's happening?!

gasp

The drones!!!
They're down!
How?!

It happened so fast!
I missed it.



BUMP

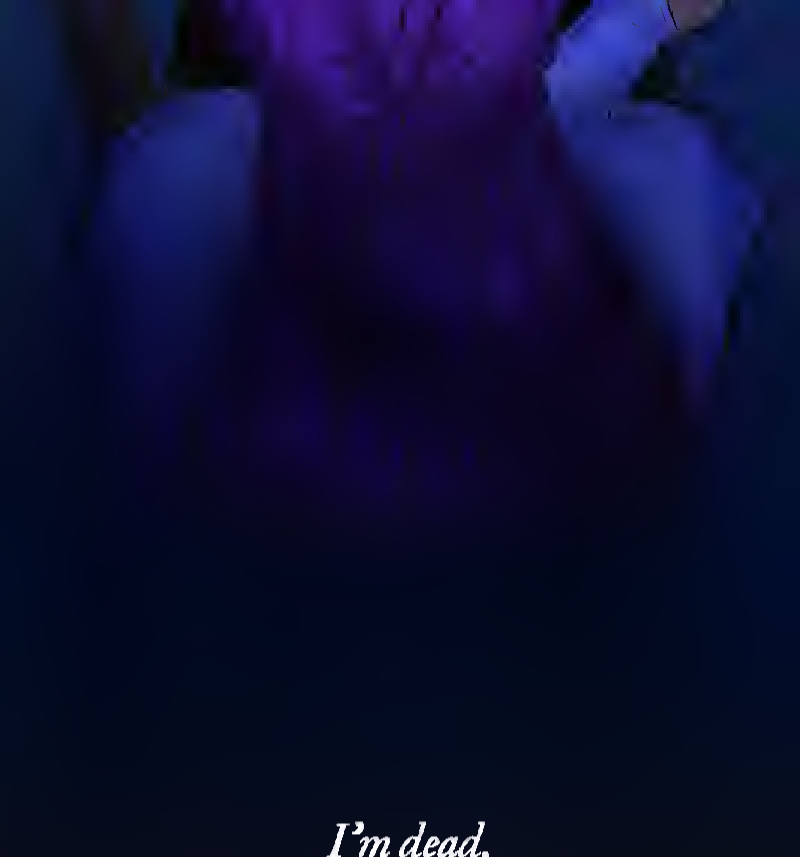
gasp



I'm dead.
